MyKris

SETS TO SOAR

MyKris - a local Wireless Internet Service Provider (WISP) - strives to provide an excellent Internet Services with high availability and outstanding quality to allow businesses to enhance productivity, and compete globally.

By MIOR AZHAR

A local Wireless Internet Service Provider (WISP) MyKris Asia Sdn Bhd is currently seeking to list the company overseas as part of its expansion plan.

The company, which embarked on its listing preparation since last year, decided to go abroad as it feels that the local ACE market 'is not quite there yet.'

MyKris Group Chief executive officer Chew Choo Soon says that they are taking it slow when it comes to listing on Bursa Malaysia.

'Therefore, we are now actively exploring to list on other overseas markets which hopefully will offer MyKris better market capitalisation and heavier trade volume,' he adds, explaining that MyKris aims to grow its business further before taking the plunge into Bursa's main market in two
